***PROVIDER HOT SHEET***

⇒ **New CAP MR/DD policies** contained in Implementation Update #76 will be effective February 1, 2011 unless otherwise noted. Participants, guardians and legally responsible persons will have this time to determine alternate support options to ensure the health and safety needs are adequately addressed. In the event a participant cannot make the transition to the policy changes **by the February 1, 2011 effective date**, DMH/DD/SAS will review the participant's PCP and determine if further time is needed or if other actions are necessary for the participant to safely make the transition.

The process to request an exception or extension for individuals who are unable to make the needed changes as required by February 1, 2011 is as follows:

**By December 1, 2010 the case manager must send the LME the request for an extension or exception using the *CAP-MR/DD Policy Requirements Extension/Exception Request Form*.** The request shall contain the revised PCP with any documentation and justification as to the specific health and safety issues and reasons why the individual cannot meet the transition requirements. The form is located at <http://www.ncdhs.gov/mhddsas/cap-mrdd/index.htm>

- LME staff will review the request for an extension or exception, including the revised PCP and discuss with the case manager the specific health and safety issues preventing transition as required by February 1, 2011 and possible alternatives to address the individual's support needs.
- By January 1, 2011 the LME shall send the completed ***CAP-MR/DD Policy Requirements Extension/Exception Request Form*** and PCP with accompanying documentation/justification to DMH/DD/SAS and request an extension or exception to the required transition.
- DMH/DD/SAS will review the completed ***CAP-MR/DD Policy Requirements Extension and Exception Request Form***, the PCP and accompanying documentation/justification and discuss with the LME and case manager if appropriate.
- If DMH/DD/SAS determines the individual has health and safety risks that may be affected by the required transition an extension or exception may be granted.
- An extension or exception may be granted **ONLY if the services are necessary to assure the health and safety of the participant.**
  - If services are requested to assure the health and safety of the participant, the PCP must clearly describe:
    - ◆ how the health and safety of the participant is at risk without these services, **AND**
    - ◆ measures taken to use natural and other community supports to assure the health and safety of the individual, **AND** demonstrate that no other options are available to assure health and safety of the participant other than providing services that will exceed the UR guidelines.
- Within 15 days from receipt DMH/DD/SAS staff will provide a written response to the LME indicating the decision for the extension or exception request.
- If the DMH/DD/SAS approves the request, notification will be provided to the LME who will in turn notify the case manager.
- If the DMH/DD/SAS determines an extension or exception is not justified and denies the request, the DMH/DD/SAS will notify the participant and guardian (copying the LME). The LME will notify the case manager.
- Participants whose request for an exception or extension are denied will have due process rights for appeals of those decisions.

⇒ **Billing Compliance Reviews**

The LME conducts compliance reviews of Medicaid and non-Medicaid funded services:

- 1) To ensure services delivered are appropriate and are provided in accordance with the NC Administrative Code; the DMH/DD/SAS and Medicaid Services Definitions Manual; DHHS policies and communications; the Medicaid Provider Enrollment Agreement; the North Carolina General Statutes and the Federal Code of Regulations;  
**and,**
- 2) To prevent and detect violations of Medicaid, State, Federal, and County billing requirements.

The Billing Compliance Review Tool Procedure as well as the Billing Compliance Review Tool will be posted on the AMH Website for review.

- ⇒ **Mecklenburg County Community Collaborative Care Review Teams** – When the LME began the Level III and IV Residential Transition project for children in the fall of 2009, 147 consumers were in these levels of care. At present, there are 21 consumers in level III residential group homes and no consumers in level IV. As a direct result of this significant decrease, there is no longer a need for four Care Review Teams per month to specifically address reauthorization requests for residential placements. Effective January 1<sup>st</sup>, there will only be 2 Care Review Teams convened each month for reauthorization requests; occurring on the 2<sup>nd</sup> and 4<sup>th</sup> Thursday of the month from 1-4pm. Please refer to the attached Care Review Team factsheet which stipulates scheduling and protocol for all Care Review Team sessions.

- ⇒ **IRIS Training for New Users** is available for those who have not attended any previous IRIS training. Please choose from one of these 2-hour sessions - **Nov 9<sup>th</sup> or Dec 7<sup>th</sup> from 9:00-11:00 AM.**

NOTE: Participants will benefit from becoming familiar with the *IRIS Technical Manual* available at <http://www.ncdhhs.gov/mhddsas/statspublications/manualsforms/iris6-4-10dhhsmanual.pdf> and visiting the *IRIS TEST WEBSITE* at <http://hrdhhs63.dhhs.state.nc.us:8000/default.aspx> prior to attending.

To register, please email Nancy Cody at [nancy.cody@mecklenburgcountync.gov](mailto:nancy.cody@mecklenburgcountync.gov) . Include the participant's name, the agency's name, and the session date. You will receive confirmation by email. The training will be held in the Cedar Room at the Carlton Watkins Center, 3500 Ellington Street, Charlotte, NC 28211.

***Space is limited and REGISTRATION is REQUIRED. Please do not send unregistered staff to the training. Limit 2 staff per agency. Thank you.***

- ⇒ **MeckCARES Enrollment FAQ document** now available on the [MeckCARES Enrollment page](#). It includes answers to questions regarding consumer and provider eligibility requirements for MeckCARES Enrollment, events that trigger consumer disenrollment and other frequently asked questions.

- ⇒ The next Provider InfoShare is scheduled for **Wednesday, November 3, 2010, 9:00 – 11:00 in the Fellowship Hall at Covenant Presbyterian Church**, 1000 E. Morehead Street in Charlotte. The program begins promptly at 9:00 AM and doors close at 9:15 AM. All contract and MOA providers are required to attend.

⇒ **Clarification Regarding Community Support Team and Outpatient Therapy**

The LME has received several questions from providers seeking clarification about whether Outpatient Therapy could be provided during the same authorization period as Community Support Team (CST). We have received clarification from the State that the intent of the staffing changes for CST effective July 1, 2010 was to allow Outpatient Therapy to be a part of the functions that the CST Licensed Team Lead can provide as clinically indicated for consumers receiving this service. As a result, consumers authorized for CST should not have a separate Outpatient Therapist. While the CST definition does not indicate Outpatient Therapy as an exclusion or limitation, it is not best practice for an individual to have two (2) individual therapist at the same time as that potentially would lead to a fragmentation of services.

⇒ **Income, Family Size and National Health Care Reform:**

Please review Implementation Update 77 and the attachments. DMH/DD/SAS is asking us to report updated information on each consumer served for the month of October. IU 77 gives definition to family size and

income. When providers serve IPRS consumers from October 1 to October 31, 2010, providers should ask family size and income. Providers should fax this information to the LME MeckLink (704-319-9114). As the LME reviews claims for services in October, we will confirm that family size and income were recently updated. If necessary, we will contact providers individually to gather the updated data.

⇒ **Elements of a Functional First Responder System**

The Mecklenburg County Consumer and Family Advisory Committee (CFAC) and LME consider the following elements to constitute a Functional First Responder System (FFRS):

- The provider has a 911 prompt for medical crisis on their voicemail system.
- The provider has a prompt that provides a phone or pager number for assistance with "urgent" or "crisis" needs that cannot wait until the next business day (this number should connect to a person and not another telephone number or voicemail.)
- If crisis number contacts a pager, the message explains briefly what the caller will hear and how to respond.
- If the caller does not reach a live person, the voicemail message gives the caller a wait time of no more than 15 minutes to expect a return call.
- If the caller does not reach a live person, the call is returned within 15 minutes.

All providers of enhanced Medicaid services that are required to serve as First Responders should ensure that these elements are included in your First Responder System. The LME and representatives from CFAC will periodically test providers through Mock Calls to ensure compliance with these requirements.

⇒ **Mark your calendars: Please join us for the System of Care Open House!** This is an opportunity for providers, families, partners and community members to connect, ask questions, learn more about our System of Care, and gain valuable one-on-one time with a variety of MeckCARES representatives. Please note that the time for the event on November 17<sup>th</sup> has changed to 4:00-6:00 pm to encourage more youth, families, and community members to attend.
