

MECKLENBURG COUNTY
Area Mental Health, Developmental Disabilities and
Substance Abuse Services
January 23, 2012

PROVIDER HOT SHEET

- ⇒ **Community Care Partners of Greater Mecklenburg (CCNC)** - At the most recent InfoShare on January 4th, 2012, Community Care Partners of Greater Mecklenburg (CCPGM) spoke about increasing enrollment of NC Medicaid patients into Carolina Access II, the managed care plan for Medicaid patients. If you were not able to meet with Kris Rutherford or Taylor Zublena after InfoShare, please contact Kris Rutherford, Nurse Care Liaison for CCPGM at 704-863-7594 or email at Kristin.rutherford@carolinashealthcare.org.
- ⇒ **Brain Injury Association of North Carolina Family Conference 2012-** Interventions for individuals with Traumatic Brain Injury (TBI) require specialized skills and a good working knowledge of community resources that can assist consumers and families alike. In addition, we may anticipate seeing an increasing number of consumers who are recent veterans, with a history of TBI. Excellent information on this topic will be presented at the February 24 conference, "Building Community from the Inside Out: 2012", sponsored by the Brain Injury Association of NC and the Division of MH/DD/SAS. [BIANC Topics & Registration](#)
- ⇒ **SAMHSA Releases New Definition of Recovery** - The Substance Abuse and Mental Health Services Administration (SAMHSA) has released a new working definition of "recovery" from mental health and substance use issues. The new definition now states that recovery is a "process of change through which individuals improve their health and wellness, live a self-directed life, and strive to reach their full potential." For further detailed information about the new working recovery definition or the guiding principles of recovery please visit: <http://www.samhsa.gov/recovery/>
- ⇒ **MeckCARES** is hosting the 3rd Annual System of Care (SOC) Awards on May 10, 2012 from 6:00-9:00 pm at Charlotte Marriott SouthPark. MeckCares would like to recognize and award *individuals and teams* that have consistently incorporated and demonstrated the System of Care principles and practices in their work and in their lives. For event announcement and nomination form, go to [MeckCare Events](#)
- ⇒ Your single point of contact for all suggestions, input, feedback, questions and concerns regarding the Hot Sheet should be directed to Dennis Knasel, LME Director of Network Development and Provider Relations at Dennis.Knasel@MecklenburgCountyNC.gov. [Subscribe](#) to the weekly Hot Sheet releases

NETWORK DEVELOPMENT AND PROVIDER RELATIONS

- ⇒ **Elements of a Functional First Responder System-** The Mecklenburg County Consumer and Family Advisory Committee (CFAC) and LME consider the following elements to constitute a Functional First Responder System (FFRS):
- The provider has a 911 prompt for medical crisis on their voicemail system.
 - The provider has a prompt that provides a phone or pager number for assistance with "urgent" or "crisis" needs that cannot wait until the next business day (this number should connect to a person and not another telephone number or voicemail.)
 - If crisis number contacts a pager, the message explains briefly what the caller will hear and how to respond.

Mecklenburg Area MH/DD/SA Services
PROVIDER HOT SHEET
January 23, 2012

- If the caller does not reach a live person, the voicemail message gives the caller a wait time of no more than 15 minutes to expect a return call.
- If the caller does not reach a live person, the call is returned within 15 minutes.
- **Each CABHA shall adhere to all requirements as outlined in Implementation Update #86 which require the following:**
 - ***Consistent with 10A NCAC 22P .0302(e), CABHAs shall perform "first responder" crisis response 24 hours a day, 7 days a week, 365 days a year to all consumers accessing CABHA services, as follows: CABHAs shall serve as first responder when any consumer who has been assessed by the CABHA and is receiving services from the CABHA undergoes a crisis. For purposes of first responder requirements, crisis is defined as: a high level of mental or emotional distress, or an episode, which without immediate intervention will foresee ably result in the person's condition worsening, environmental instability or could result in harm to self or others.***
 - ***All CABHAs shall be accessible 24/7/365 to respond directly to consumers and to collaborate with and provide guidance to other crisis responders regarding coordination of treatment for CABHA consumers in crisis. The first responder shall use the crisis plan developed with the consumer to coordinate and communicate with all other crisis responders (in accordance with HIPAA and 42 CFR Part 2) to ensure that the crisis plan is implemented.***
 - ***All CABHAs shall have written policies and procedures in place that will be made available to all consumers, and shall include contact information for the consumer to first contact the CABHA rather than other crisis responders, such as hospital emergency departments and mobile crisis management teams. Each CABHA shall provide all consumers with a phone number to contact a live person 24/7/365 for use when crises occur. First response may be telephonic, but face to face intervention shall be attempted prior to referral or if necessary, in conjunction with other crisis responders. If a CABHA refers the consumer to an emergency facility or other crisis responder, the CABHA shall communicate with the crisis responder in order to facilitate coordination of care.***

All providers of enhanced Medicaid services that are required to serve as First Responders should ensure that these elements are included in your First Responder System. **(These expectations are not only for clinical home providers who have service sites within Mecklenburg County, but also apply to out of county clinical home providers who have a current Memorandum of Agreement or contract with Mecklenburg LME.)** The LME and representatives from CFAC will periodically test providers through Mock Calls to ensure compliance with these requirements.

Recommendations to providers:

- Keep the LME informed with up to date contact information.
- Check the LME's website under Provider Services for your agency's web pages. These web pages for designed for consumers so it is extremely important for all information to be accurate.
- Implement the 15 minute time limit for calls to be returned and include that time in all phone messages.
- Tell callers what to do if they do not receive a response within 15 minutes. This is an important element that needs to be added to almost all provider's messages – even those who succeeded in the mock calls.
 - Some agencies recommend calling 911 or give the Mecklenburg Mobile Crisis Team number as a back-up if a consumer receives no response to their crisis call.
 - CFAC does not recommend referring to 911 as a back-up. 911 is for true health related emergencies. It is an inappropriate and expensive resource for someone in a crisis that can better be addressed by a mental health professional.
 - Using the Mobile Crisis Team as a back-up responder is acceptable as long as this is not a substitute for an agency's implementation of its own first responder system.
- Identify the agency or say "crisis line" when answering the crisis line. Most providers answered the crisis line with "hello".

Mecklenburg Area MH/DD/SA Services
PROVIDER HOT SHEET
January 23, 2012

- Periodically do an internal check of your own system after hours to make sure it is working. This should include if it is easy to understand the message – is it loud enough, clear enough, are phone numbers clearly announced and repeated a second time.

⇒ **The below APSM 45-1 rule serves as a reminder for providers that maintain consumer funds in a residential placement.**

10A NCAC 27F .0105 CLIENT'S PERSONAL FUNDS

- a. This Rule applies to any 24-hour facility which typically provides residential services to individual clients for more than 30 days.
- b. Each competent adult client and each minor above the age of 16 shall be assisted and encouraged to maintain or invest his money in a personal fund account other than at the facility. This shall include, but need not be limited to, investment of funds in interest-bearing accounts.
- c. If funds are managed for a client by a facility employee, management of the funds shall occur in accordance with policy and procedures that:
 - 1) assure to the client the right to deposit and withdraw money;
 - 2) regulate the receipt and distribution of funds in a personal fund account;
 - 3) provide for the receipt of deposits made by friends, relatives or others;
 - 4) provide for the keeping of adequate financial records on all transactions affecting funds on deposit in personal fund account;
 - 5) assure that a client's personal funds will be kept separate from any operating funds of the facility;
 - 6) provide for the deduction from a personal fund account payment for treatment or habilitation services when authorized by the client or legally responsible person upon or subsequent to admission of the client;
 - 7) provide for the issuance of receipts to persons depositing or withdrawing funds; and
 - 8) provide the client with a quarterly accounting of his personal fund account.

Authorization by the client or legally responsible person is required before a deduction can be made from a personal fund account for any amount owed or alleged to be owed for damages done or alleged to have been done by the client:

- 1) to the facility;
- 2) an employee of the facility;
- 3) to a visitor of the facility; or
- 4) to another client of the facility.

PROVIDER COUNCIL REMINDERS AND UPDATES

⇒ **Beginning this month (January 2012)** the Training and Development and QA/QI Subcommittees have merged and we now have one QTM (Quality Training Management) meeting from 9:00am-11:00am on the 3rd Wednesday of each month. Each meeting will include a best/emerging practice topic and speaker, followed by discussions on agency implementation, training, and quality management, and state updates. The meeting will be held at Carl Watkins in the Multipurpose room.

Be on the lookout for opportunities to participate in task oriented subcommittees/workgroups related to provider needs (Nominations Committee, Provider Outreach) as well as workgroups that mirror the functional aspects of the upcoming Waiver including:

- Consumer Affairs
- Network Development
- Utilization Management
- Innovations
- Quality Management
