

Transportation Staff Meeting

November 12, 2014
2:00 PM
CMGC 601

AGENDA

1. STP-DA Funds Allocation (Coxe)

Description:

A methodology to allocate STP-DA funds must be developed.

Action:

- Set target date for task completion.
- Establish framework for preparing an allocation methodology.

Attachment: STP-DA Project Selection Guidelines (endorsed by the TCC, February 2008)

2. CTP Public Involvement (Cook)

Description:

Final draft CTP maps have been distributed by NCDOT for review. The purpose of this agenda item is to develop general procedures to guide the process throughout the planning area.

Action:

- Develop guidelines for a public involvement effort.

Phone Access Number: 704-432-5484

MUMPO
STP-DA Project Selection Guidelines

Endorsed by the Technical Coordinating Committee
February 2008

1. STP-DA funds should not be used on stand-alone planning and design activities. They can be used for planning and design as part of a construction project.
2. STP-DA funds can be used on any roadway project that is included in the Long-Range Transportation Plan.
3. Roadway projects must be included in the LRTP. Non-roadway projects should be recommended in a publicly-adopted plan, such as a bicycle, pedestrian or greenway plan.
4. STP-DA funds can be used on any public street that has been identified in the Long-Range Transportation Plan.
5. STP-DA funds cannot be used to accelerate any project that would trigger a conformity analysis.
6. The MUMPO should set a goal of using at least 10% of its STP-DA funding on non-roadway projects.
