#### **HANDOUTS**

- Meeting Agenda
- Meeting Minutes 10/16/12
- Supportive Housing: A Promising Solution for Frequent Offenders in Mecklenburg County?
- NCAWARE Procedures Draft
- Frequent User Service Enhancement Initiative (FUSE) Proposal for Implementation of Concept

#### **MEETING CALLED TO ORDER AT 8:39 AM**

#### Welcome

Michelle Lancaster opened the meeting.

## **Brief Demonstration of Data Entry into NCAWARE**

Dori Wynter-Mitchell El demonstrated the various steps of data entry in NCAWARE. The question was raised as to whether the District Attorney would still require a warrant affidavit be completed in addition to the data entered by the law enforcement officer in NCAWARE. The District Attorney indicated the affidavit would be required.

## **Implementation of NCAWARE**

Tom Eberly presented a procedural draft for entering arrest data in NCAWARE. The document was developed in response to a question raised at the previous CJAG meeting regarding responsibility for data entry. Mr. Eberly briefly summarized the approach taken in place in Guilford, Wake, Gaston, Durham, and Forsyth counties and noted that members needed to make a decision today regarding the procedures that would be adopted. A workgroup involving CMPD, Clerk of Court, Sheriff, and Probation participated in the development of the document. A general discussion followed.

Question: Will officers be responsible for entering more than just warrant information into NCAWARE? Answer: No. Karen Johnson confirmed arrest processing would continue to enter arrest information. (See Action Item 1)

Discussion of the importance of affidavits to the district attorney and magistrate and its inclusion in NCAWARE. (See Action Item 2)

Andrew Murray raised concern about the proposed method of entering charges individually in NCAWARE, as opposed to allowing up to 3 charges to be recorded under a single process number, which is the statewide practice. Mr. Murray contended that not following the statewide practice places Mecklenburg at a disadvantage, preventing meaningful performance comparisons with other jurisdictions. The group indicated by consensus this was a policy decision which rested with the district attorney.

Tracy Lee raised attention to paragraphs 13 and 14 of the procedures draft. The latter does not reflect current practice. Mr. Lee questioned whether a different procedure might be possible for paragraph 13. (See Action Item 3)

Mr. Eberly announced the NCAWARE workgroup would convene November 29 to review changes made to the NCAWARE Procedures draft. (See Action Item 4)

Ms. Lancaster surveyed members as to whether the procedures document should be a judge's order. By consensus the group indicated this was not necessary. Members agreed the signatures of agencies heads on the document would be appropriate.

## Criminal Justice Advisory Group - CJAG November 20, 2012

**MINUTES** 

Ms. Lancaster asked members to ensure the launch date, January 16, was communicated within all agencies. (See *Action Item 5*)

## Frequent User Service Enhancement Initiative

Mr. Eberly discussed the Frequent User Service Enhancement Initiative (FUSE), which proactively engages the criminal justice system's most frequently seen offenders in order to offer social services. The initiative promises to be a more effective approach to jail diversion. Mr. Eberly highlighted the role of Moore House, a supportive housing program in Mecklenburg County, which helps offenders successfully address the factors that bring them into contact with law enforcement.

### **Open Discussion**

Ms. Lancaster advised that a representative from the Bexar County (Texas) mental health authority will join CJAG at the December 18 meeting to discuss their approach to mental health and homelessness.
