

Transportation Staff Meeting

March 6, 2013
2:00 PM
601

AGENDA

1. **I-77 HOT Lanes (Coxe)**

Description:

1. discussion of public involvement and development of material
2. update on financials

2. **CTP Documentation and Database (Newsome/Grzymski)**

Description:

This is a two part discussion intended to:

1. Complete the current documentation effort for the CTP maps (specifically, documenting the decisions regarding grade separations); and
2. Discuss the CTP database structure and uses.

Both of these items (the documentation and the database) will be important tools for the upcoming public involvement effort, and the database will significantly affect future applications of the CTP.
