Welcome & Introductions

Chairperson Lathrop called the meeting to order at 9:15 a.m. and welcomed everyone to the 2014 Planning Commission Retreat. Everyone present introduced themselves.

The Chairperson shared the goals for this year's retreat, which were to better understand the roles and responsibilities of the Planning Commission, receive an update from staff on current and future work program items, and determine the Planning Commission's priorities and expectations for the next several years. In summary, he indicated this was an opportunity to think and reflect about "where we have been, where we are now, and where we are going".

Approval of Minutes

Commissioner Allen made a motion to approve the July 7, Work Session Minutes. Vice-Chairperson Dodson seconded the motion. The minutes were approved unanimously.

The work session remained open until the close of the retreat.

Ice Breaker - Time Machine

The retreat participants were asked to imagine that the Mahlon Adams Pavilion was a "time machine" and they could go anywhere in the past or the future. Each participant had to answer two questions. Where would they go? Why would they go there?

Roles and Responsibilities of the Planning Commission

Senior Assistant City Attorney, Terrie Hagler-Gray provided an overview of the Planning Commissioner's roles and responsibilities as outlined in the *Inter-Local Agreement, Rules of Procedures, and Operating Agreement*. Ms. Hagler-Gray also presented information relative to pending legal issues involving the Commission. The entire presentation can be accessed by clicking this [link](#).

Below is a summary of the comments and questions from this discussion:

Cozzie Watkins	We need to be more specific in our staff recommendations
Deb Ryan	We need to make sure decisions are land use based
Ray Eschert	How will the greater specificity requirement affect previous zoning decisions? <i>Staff Response: It will not affect previous zoning decisions.</i>
Debra Campbell	The City is exploring getting State's Enabling Legislation clarification relative to specificity required for zoning recommendations.
Tony Lathrop	Future zoning recommendations before the Council will require a procedure change regarding Council's action.
Mike Sullivan	Will this have any effect when the Zoning Committee disagrees with the staff recommendation? <i>Staff response: This will not affect the current process.</i>
Tom Low	Is the plan consistency question applicable to specific plans or city wide plans? <i>Staff Response: Most appropriate plan would be applicable.</i>
Deb Ryan	Process is still the same, but we need to provide a more detailed rationale for the zoning decision. <i>Staff Response: Staff will assist the Zoning Committee in making more specific recommendations.</i>
Karen Labovitz	The full Planning Commission should be copied on any material relative to change of zoning procedures.
Ray Eschert	Do the area plans contain sufficient information to address the issue? <i>Staff Response: The plans contain sufficient detail to address the issues.</i>
Randy Fink	What about conflict of interests when you aren't personally involved, but your company or firm is involved. <i>Staff Response: Commissioners need to be careful in these situations. Although you may not directly benefit from a decision, it is best to avoid the appearance of a conflict.</i>
Nancy Wiggins	What about recording communications with others? <i>Staff Response: Your personal communication with others pertaining to a matter before the Commission may be subject to an email request from the media.</i>

Planning and Regulatory Overview

The Planning Director and Assistant Planning Directors provided an overview of departmental issues and plans for the coming year. The entire presentation can be accessed by clicking on this [link](#).

Below is a summary of the comments and questions from this discussion:

Randy Fink	Is the department fully staffed? <i>Staff Response: We are not fully staffed at the moment. There are a number of key positions that need to be filled.</i>
Nancy Wiggins	Some of our area plans need updates. When will they be updated? <i>Staff Response: We have delayed updating area plans pending the changes to the area planning process.</i>
Ray Eschert	What is considered when doing area plans? <i>Staff Response: Staff examines community demographics, land use, infrastructure needs and other community issues.</i>
Nancy Wiggins	Concerned about the East-West Alignment for Transit. <i>Staff Response: The East-West lines called for rapid transit in those corridors.</i>
Mike Sullivan	How can we protect older development in Uptown Charlotte? <i>Staff Response: We work with the Historic Landmarks Commission when redevelopment is proposed for or impacts historic properties.</i>
Nancy Wiggins	Do Mandatory Referrals go to the Elected Officials? <i>Staff Response: Yes, Elected Officials review Mandatory Referrals as part of project approvals.</i>
Ray Eschert	Is there a way to speed up the area planning process? <i>Staff Response: The current process calls for advisory groups as part of the process, which is expected in the community. The Area Planning Process update is examining different ways to speed up the process such as more upfront preparation, alternative ways for community input, etc.</i>
Nancy Wiggins	We need to examine mobile vendors relative to sanitation laws.
Mike Sullivan/ Randy Fink	Is there a way to speed up the Zoning Update? Concerned that 4 years is too long. <i>Staff Response: Our past experience in preparing single text amendments, such as the Eating, Drinking and Entertainment Establishments, as well as research of other cities shows that it will take this long. The timeline takes into consideration developing a zoning ordinance and community review and input.</i>

Charlotte-Mecklenburg Planning Commission Executive Committee Meeting

Attachment 4

Approved September 15, 2014

July 21, 2014 - 4:00 p.m.

CMGC - Conference Room 266

Minutes

Call to Order & Introductions

The meeting was called to order at 4:11 p.m.

Attendance

Commissioners Present: Tony Lathrop (Chairperson), Tracy Dodson (Vice-Chairperson), and Randy Fink.

Commissioners Absent: None

Planning Staff Present: Debra Campbell (Planning Director), Michelle Barber and Cheryl Neely.

Approval of Minutes

A motion was made by Vice-Chairperson Dodson and seconded by Chairperson Lathrop to approve the June 16, 2014 Executive Committee minutes. The vote was 3 to 0 to approve the minutes.

Follow-up Assignments

Transit Oriented Development

Chairperson Lathrop noted that he and Vice-Chairperson Dodson had not assigned additional Commissioners to the Transit Oriented Development (TOD) initiative. He asked if there were any upcoming TOD meetings. The Planning Director explained that the public meeting was held in June and staff will be bringing draft recommendations to the full Commission for input later this year. She was not sure how an additional Planning Commissioner would fit in the process at this point unless there are going to be an additional series of meetings. The Vice-Chairperson suggested that this be included in a discussion at the upcoming retreat which will focus on what is coming down the pike and Commissioner assignments. The Chairperson agreed with this recommendation.

Planning Commission Appointment

The Planning Director informed the Committee that the County appointment to the Planning Commission has been delayed because Planning staff is having discussions with the City Attorney's office, the County and the City's legislative liaison about appointing an extraterritorial jurisdiction (ETJ) representative to the Planning Commission. The State statute indicates that the City and County can agree as to whether or not there is an ETJ representative on the Commission. It has been many years since there was an ETJ representative. However, the legislative liaison thought it may be appropriate to have an ETJ representative on the Commission. The County is looking for advice from the Planning Department and discussions are continuing.

Planning Commission Annual Retreat

Chairperson Lathrop mentioned that he had received an email from Shirley Fulton with cost quotes to hold the retreat at the Wadsworth House in the Wesley Heights neighborhood. He indicated that he did not have a particular venue identified for the retreat. He prefers a venue that is convenient for everybody, reasonably priced and fits all our parameters. Cheryl Neely explained that in recent years the retreats have been held in locations that are free of charge. She also noted that staff was looking at other venues as well. The Planning Director stated that the goal is to hold the retreat at a venue where we do not have to pay because we may have to pay the facilitator and for meals.

The Vice-Chairperson inquired about the retreat facilitator. The Chairperson stated that last year's facilitator did a good job and he would like to use him this year if possible. Director Campbell agreed and explained that because of his background in planning he is able to get to a level of dialogue that is a little richer than someone that does not have a planning background.

Cheryl Neely asked if there would be a committee to help plan the retreat. The Executive Committee decided against having a retreat committee. Vice-Chairperson Dodson suggested sending an email or survey to Commissioners to get their input on topics of discussion for the retreat instead of forming a retreat committee. The Committee discussed a potential pre-retreat survey and asked staff to forward a copy of the survey from a previous Planning Commission retreat.

Commissioner Fink suggested that the retreat discussion could focus on what is important for the Commission to work on in the next year as well as develop a long term work plan. Vice-Chairperson Dodson agreed and stated that the Commission identified priorities for the next one to five years at last year's retreat. The Zoning Ordinance Assessment was identified as a major priority because the Zoning Ordinance update could be a long-term initiative. The Vice-Chairperson suggested that the facilitator from last year may be able to help the Commission pick up from last year's retreat discussion. Chairperson Lathrop agreed and stated that the Commission should continue to discuss the Zoning Ordinance Assessment and how the Commission can add value to the process. Vice-Chairperson Dodson wanted to make sure the discussion is not too premature and fits in appropriately with the Zoning Ordinance update process.

The Vice-Chairperson also suggested that a portion of the retreat be used to discuss roles, rules and regulations. She thought it would be a good idea to invite staff from the City Attorney's office to discuss the Commissioner's role including what should be taken into consideration when making land use and zoning recommendations. The Chairperson and Commissioner Fink agreed that this could be beneficial to the entire Commission, especially since there are several new Commissioners. However, Commissioner Fink suggested that this dialogue be at a regular Planning Commission meeting. He thought the retreat should be used for more "big picture" discussions and the vision for the year.

The Chairperson thought it was appropriate to discuss this at the retreat as part of the housekeeping items to help make sure the retreat is focused and productive and follow up with more details at a regular meeting. The Chairperson asked Cheryl Neely to schedule a meeting with the Planning Director to discuss the retreat. Commissioner Fink suggested that information be sent out prior to the retreat so that Commissioners can come prepared for discussions.

Work Session Presentation Follow-ups

The Chairperson stated that Commissioner Nelson was concerned about bringing closure to information that is presented at Planning Commission meetings. Commissioner Fink clarified that Commissioner Nelson expressed concern that the bicycle program presentation was made to the full Commission because Commissioner Ryan had questions about where the Commission can provide input on the bike lanes program. Although the bike lane information was presented, the Commission still does not know where they can interface with and have influence over where bike lanes are located. Vice-Chairperson Dodson stated that this is a broader issue of where and how one can provide input. The Chairperson asked if this should be a part of the discussion about the Commission's role. Vice-Chairperson Dodson stated that it could perhaps be included in the role and 12 month work program discussion at the retreat.

The Committee continued to discuss Commissioner Ryan's concern with providing input on bike lanes. Commissioner Fink asked if a subcommittee could be formed to audit the last five area plans to see how bike lanes were described or not described. Since Commissioner Ryan is passionate about bike lanes maybe it would be appropriate for her to chair such a committee. This committee could identify missed opportunities so that going forward the area planning processes could be restructured to include bike lanes in the recommendations when appropriate. The Committee thought this could be a possibility. Chairperson Lathrop suggested that staff maintain a list of substantial follow-up items from the most recent work sessions.

Meeting Quorums/Attendance

The Committee also discussed recent quorum issues with the Zoning and Planning Committee meetings. Staff was asked to poll Commissioners the week prior to these meetings to make sure there is a quorum. Vice-Chairperson Dodson stated that it is a good practice for staff to poll Commissioners, but it is the Commissioners' responsibility to contact the Chairperson and staff if they are not attending a meeting. She stated that Commissioners need to be reminded that they should let staff and the Chairperson know if they will be absent as soon as possible.

Recognition of Dan Morrill's Retirement

The Chairperson asked for clarification on Dan Morrill's retirement. Commissioner Fink explained that Dan Morrill retired from UNCC, but is still working at the Historic Landmarks Commission. Cheryl Neely stated that although the request by Commissioner Wiggins was to recognize Dan Morrill for his contributions to the community, the Executive Committee needed to address the broader issue of whether or not it is appropriate to recognize individuals who are not Planning Commissioners. The Committee decided that it is too complicated to establish criteria to determine who should be recognized for retirement and/or contributions to the community. The Committee stated that they would encourage Commissioners to personally recognize individuals.

Future Work Session Agenda Items

Director Campbell shared that she is reading City Comfort by David Zucker. This book focuses on creating an urban village and urban design. She thought it may be good to invite Mr. Zucker to Charlotte for a forum on planning ideas. This could be a community event whereby we invite neighborhood and industry representatives or Mr. Zucker could present information to Council to help gear up for the Zoning Ordinance update. The Committee agreed that this was a good idea. Ms. Campbell will work with staff to follow-up on this.

The following future work session agenda items list was presented to the Committee.

Future Work Session Agenda Items	Work Session
1. Prosperity Hucks Area Plan Update	TBD
2. Zoning Ordinance Update	TBD
3. Area Plan Policy Assessment Update	TBD
4. Transit Oriented Development (TOD)	TBD

The Committee agreed to defer making work session agenda assignments since they were planning for the upcoming retreat in September.

Approval of the August and September 2014 Meeting Schedules

The Chairperson asked if the Executive Committee meeting was the only meeting on the August calendar. Ms. Neely responded yes, that is the only Planning Commission meeting. Chairperson Lathrop acknowledged that the retreat is in September and the committee meetings would resume in September. Michelle Barber stated that a tentative Historic District Commission meeting was added to the August calendar.

Vice-Chairperson Dodson made a motion to approve the August and September calendars. Chairperson Lathrop seconded. The calendars were approved.

Adjournment

The meeting adjourned at 5:12 p.m.

He further explained this proposal from Charlotte-Mecklenburg Schools (CMS) to sell .01 acres of vacant land along Mocks Road in the Town of Davidson to the Davidson Housing Coalition. The Coalition intends to combine the property with an adjoining vacant lot to construct a duplex. This acquisition will allow the Davidson Housing Coalition to develop additional units of affordable housing, either for sale or for rental to eligible families.

Alberto Gonzalez (Planning) presented the City of Charlotte's proposal to sell seven surplus parcels, totaling approximately 12.5 acres, located near the intersection of Albemarle Road and East W. T. Harris Boulevard. The parcels were purchased for a proposed roadway interchange project at this location, a concept that has been abandoned. The City's Real Estate division proposes to dispose of the subject parcel for land uses consistent with adopted plans and policies.

Commissioner Wiggins commented that the long narrow property could be a good place for Mecklenburg County Park and Recreation Department to consider placing a pool in the area since the County needs more public pools. She thinks that it would be good for the neighborhood. Commissioner Watkins asked if the Committee can make suggestions on uses. Commissioner Wiggins reiterated that this is just a suggestion. Commissioner Fink asked if Harris Boulevard is the boundary for the *Eastland Area Plan*. Mr. Gonzalez answered yes. Commissioner Fink also asked why the City is retaining a small slither of land. Mr. Gonzalez answered that it is not developable. Bob Drayton (City Real Estate) added that the City is considering conveying the property to adjoining land owners.

A motion was made by Commissioner Wiggins and seconded by Commissioner Allen to approve Planning staff's recommendation for Mandatory Referral #14-25. The vote was 5-0 to approve staff's recommendation for Mandatory Referral #14-25.

The County currently owns 7,638 square feet of office space in the building and acquisition of this additional space is needed by the Board of Elections office. Acquisition of this property will provide additional office space for the Board of Elections to meet the demands of running local, state and national elections. Commissioner Wiggins asked if this area is out of the floodplain. Mr. Wells stated that it is very close to the floodplain. Commissioner Wiggins also asked if this will impact the use of the Freedom Drive Annex location. Ms. McNeil stated that this will not impact use of the Freedom Drive Annex for the Board of Elections.
