Special Programs

Morgan School (K-12)

Facility Condition Rating 46

Existing Facility

The Morgan program is currently housed in the old Metro School facility. Morgan School provides the most restrictive placement for the district's most behaviorally challenged students whose disabilities range from autism to serious emotional disability. All students have been unsuccessful in SBS self-contained classrooms on regular public school campuses or are returning to public school from more restrictive (residential or secure) school settings. Morgan serves students in grades K-12.
